

Eye Tracking Study

From **August 22 till September 05** at DFKI (D3_2).
The study takes ca. **60-80min**, and you'll receive **15€**.

We are looking for participants for our eye tracking study

- There's only **one requirement**: you must have corrected to normal vision. This means that you can see normally with glasses or don't need any.
- You will need to wear a VR headset and will be interacting with different kind of menus.

How to participate?

- Book a date
